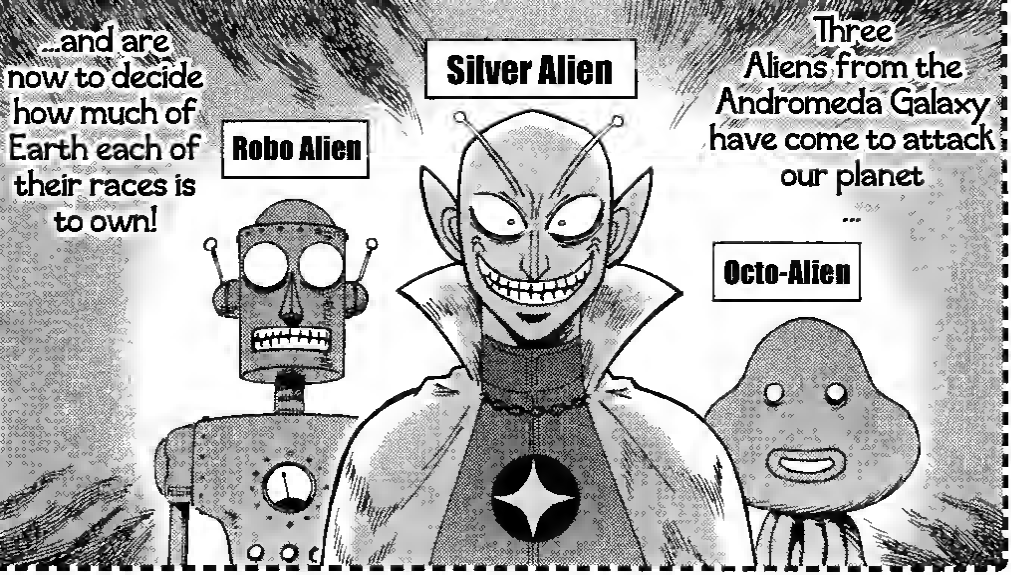
ALL OF A SUDDEN, EARTH IS UNDER ATTACK BY ALIENS FROM OUTER SPACE!
THE YEAR IS 1965...
ズビビビッ

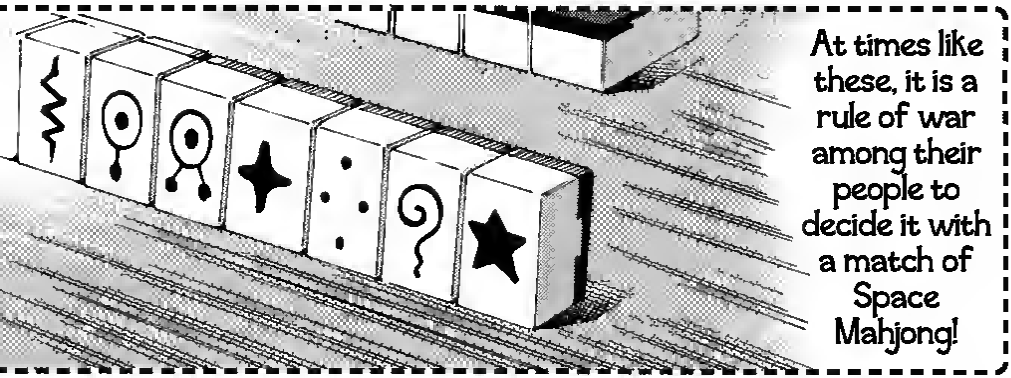
The entire human race has surrendered to this alien threat...

With no way to defend against this siege, the Earth Defense Force is completely defeated!!
There is an overwhelming difference in technology!

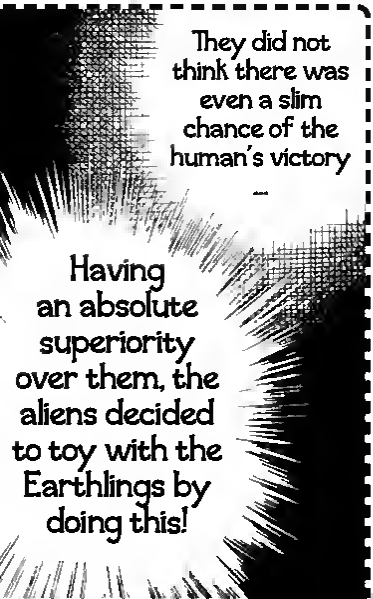
EXCEPT FOR JUST ONE MAN ...!!
MAHJONG DEFENDER OF PLANET EARTH
地球防衛雀士
アカギ
AKAGI
トニー たけざき
TONY TAKEZAKI



...and are now to decide how much of Earth each of their races is to own!
Robo Alien
Silver Alien
Three Aliens from the Andromeda Galaxy have come to attack our planet ...
Octo-Alien

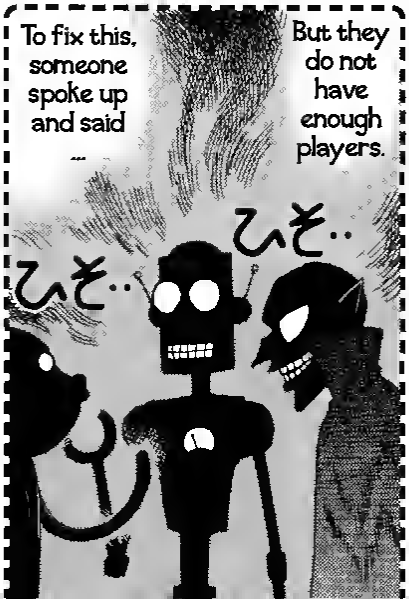


At times like these, it is a rule of war among their people to decide it with a match of Space Mahjong!



They did not think there was even a slim chance of the human's victory ...
Having an absolute superiority over them, the aliens decided to toy with the Earthlings by doing this!

WHY DON'T WE LET AN EARTHLING PLAY, TOO ...?



To fix this, someone spoke up and said ...
But they do not have enough players.
ひそ..
ひそ..

ENTRUSTED THEIR VERY LAST HOPE WITH THIS MAN...!
AFTER MUCH DELIBERATION, THE UNITED NATIONS...

EVEN STILL, THIS AKAGI GUY ...
KHAH HAH HAH!
IT LOOKS LIKE HE JUST WON ...
WELL... I GUESS ...
I can't even begin to understand the rules ...
WHAT... WHAT JUST HAP-PENED ...?
BUT ONE WAY OR ANOTHER, HE HAS TO GET TO A LEVEL WHERE HE CAN ACTUALLY PARTICIPATE ...
OR ELSE EVERY-THING WILL BE LOST !!!
HE'LL NEED TO HAVE EXTRA-ORDINARY TALENT!
BUT HE'LL STILL NEED TO FIGURE OUT MOST OF IT OUT BY HIMSELF OVER THE NEXT FEW HOURS...!
WAS GIVEN A VERY BASIC EXPOSITION TO THE GAME'S RULES AT THE START...

However, if Akagi dies, because there wouldn't be enough players left, the game would then end.

However the points are at that point would determine how much of Earth each race would get.

and moreover, whatever ground he loses from here on in ...

Silver Aliens

Octo-Aliens

Akagi

Robo-Aliens

Akagi's inexperience gives him a very severe handicap ...

...Akagi will have to pay for with his own life force!

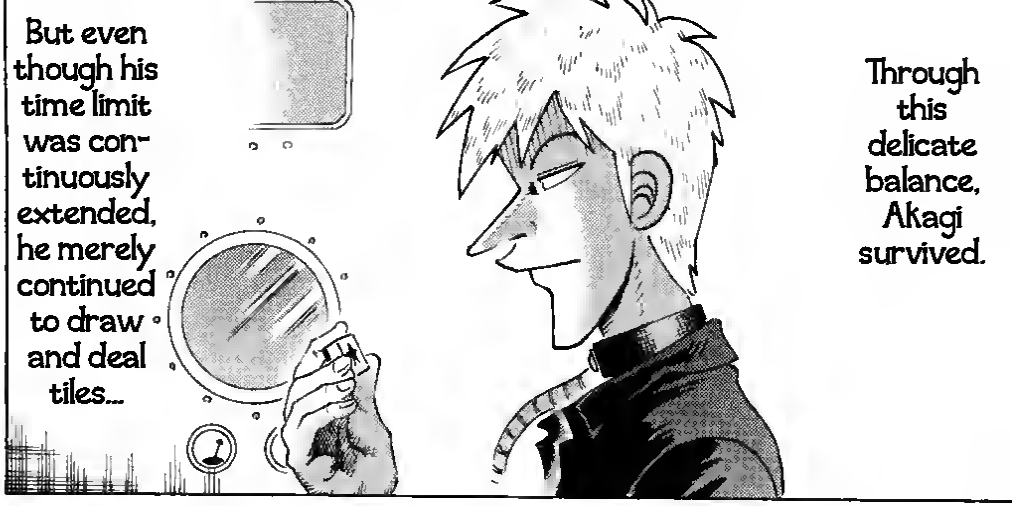
If the one who was in the lead decided to go in for the kill on Akagi and end the game that way...

the other two would put a stop to it.

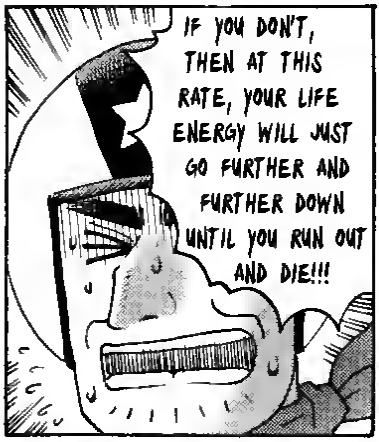
Tch!!

REITZAAN!!

With that in mind, since each of them wants as much territory as possible, it would be hard to think they would kill Akagi straight away.

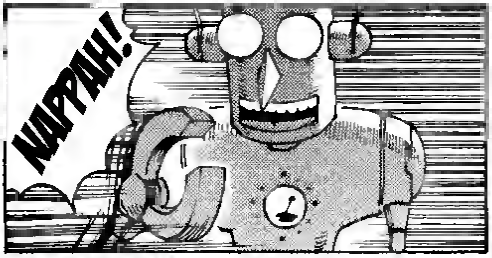


But even though his time limit was continuously extended, he merely continued to draw and deal tiles...
Through this delicate balance, Akagi survived.

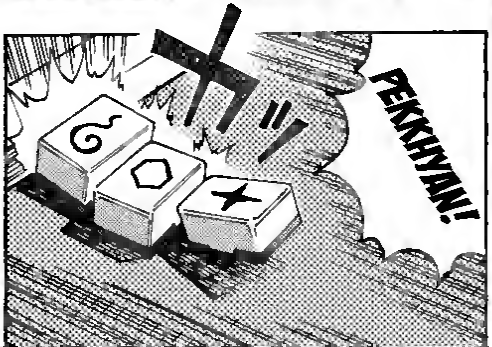


IF YOU DON'T, THEN AT THIS RATE, YOUR LIFE ENERGY WILL JUST GO FURTHER AND FURTHER DOWN UNTIL YOU RUN OUT AND DIE!!!

THAT'S RIGHT!! RIGHT NOW, YOU NEED TO TAKE AN ALL-OR-NOTHING GAMBLE!!
AKAGI!! ANYTHING IS FINE, SO JUST LAY DOWN A HAND !!



NAPPAH!



PEKKIYAN!

AGAINST OPPONENTS AT THIS LEVEL?
ALL-OR-NOTHING GAMBLE?

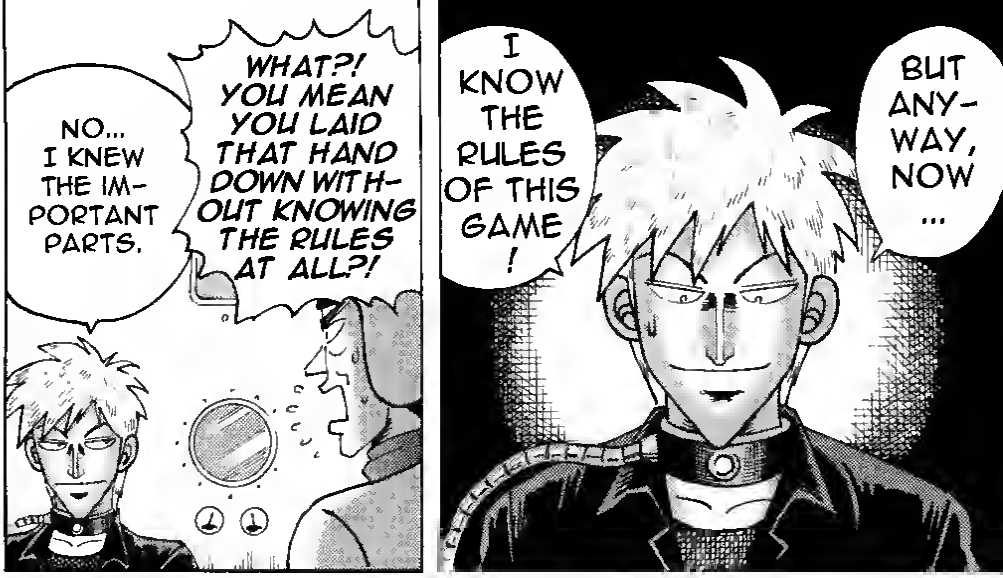
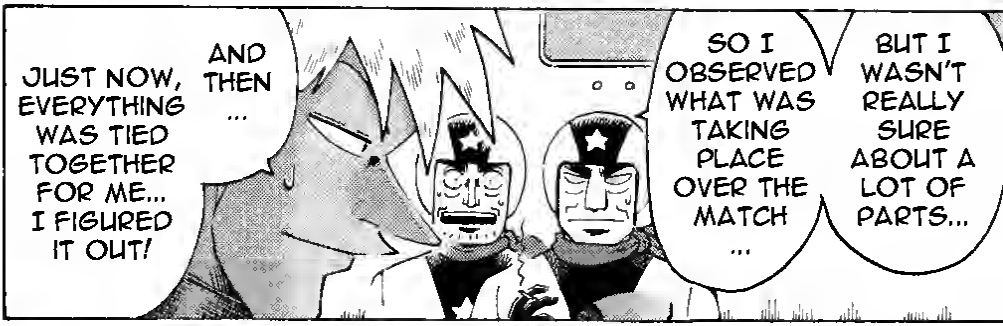
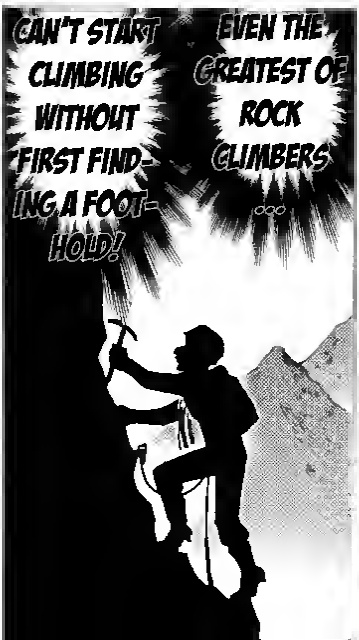
WHAT HAP-PENED, AKAGI?!
WHAT WAS THAT HAND, JUST NOW?! AND WHAT'S WITH THEIR RESERVED REACTIONS ?!



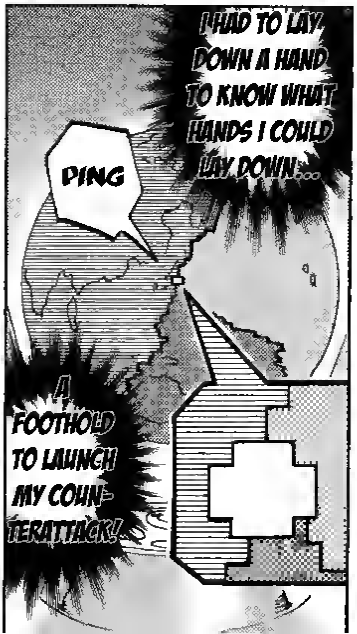
BUT ANY-WAY, NOW ...
I KNOW THE RULES OF THIS GAME!
WHAT?! YOU MEAN YOU LAID THAT HAND DOWN WITH-OUT KNOWING THE RULES AT ALL?!
NO... I KNEW THE IM-PORTANT PARTS.



BUT I WASN'T REALLY SURE ABOUT A LOT OF PARTS...
SO I OBSERVED WHAT WAS TAKING PLACE OVER THE MATCH ...
AND THEN ...
JUST NOW, EVERYTHING WAS TIED TOGETHER FOR ME... I FIGURED IT OUT!



EVEN THE GREATEST OF ROCK CLIMBERS ...
CAN'T START CLIMBING WITHOUT FIRST FIND-ING A FOOT-HOLD!



I HAD TO LAY DOWN A HAND TO KNOW WHAT HANDS I COULD LAY DOWN...

A FOOTHOLD TO LAUNCH MY COUN-TERATTACK!

SO THAT WIN JUST NOW WAS A TEST TO MAKE SURE I HAD IT RIGHT!

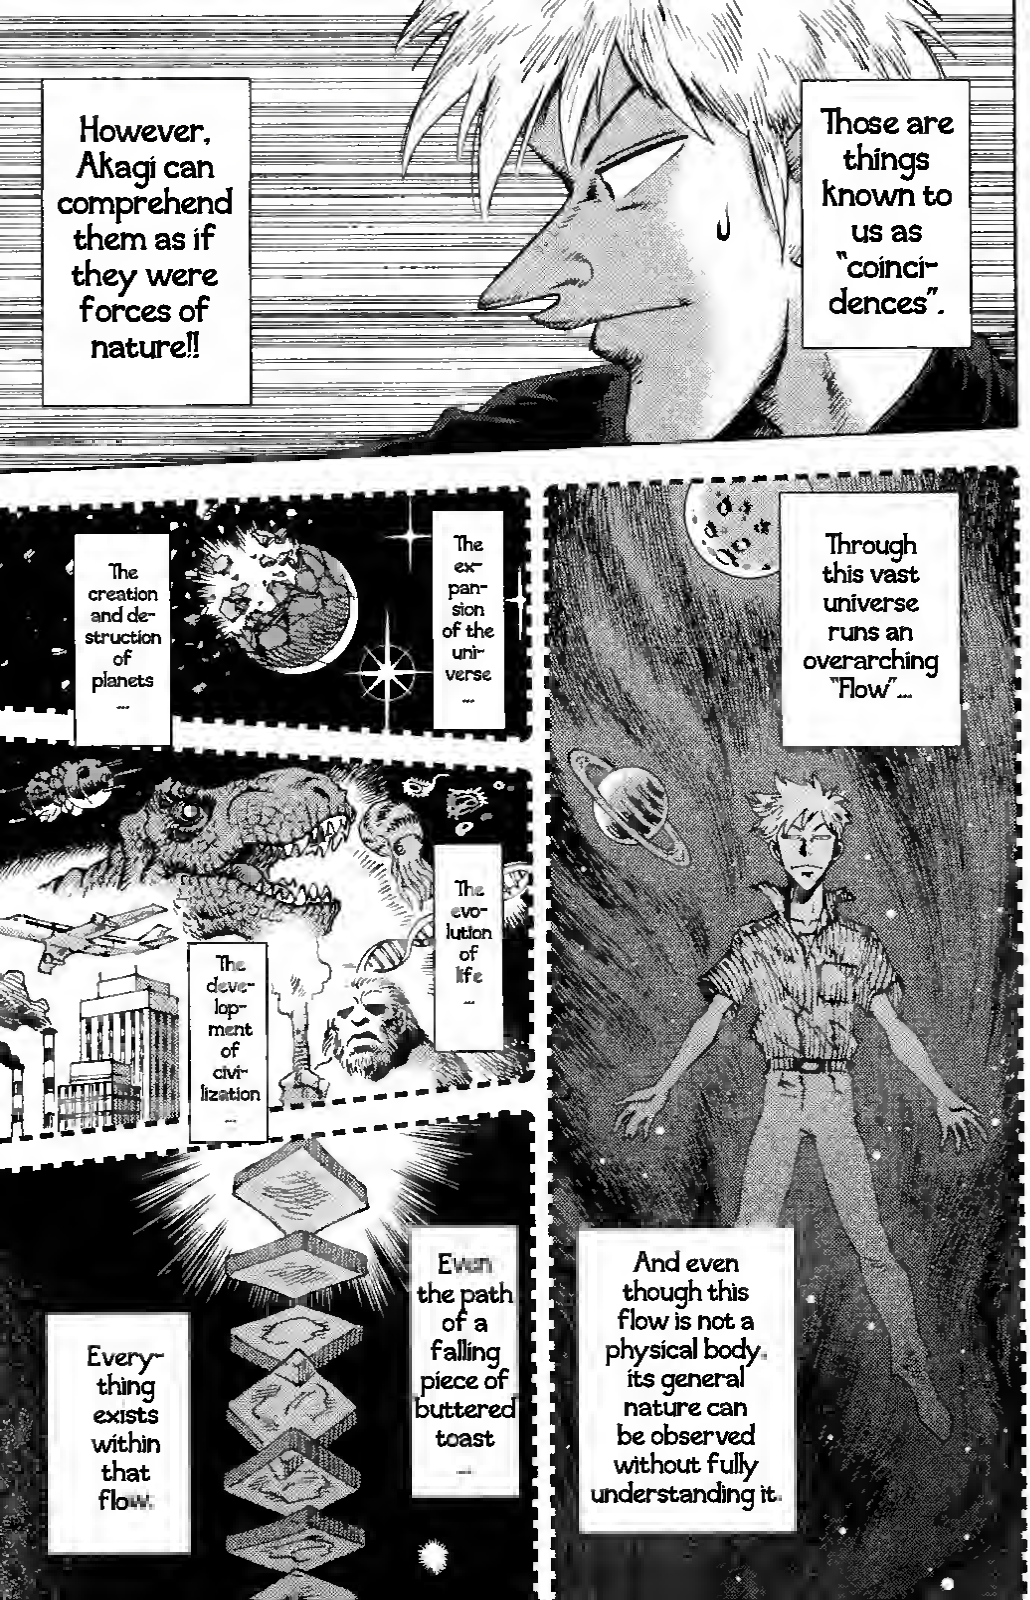
LUDICROUS!! EVEN WHILE HE'S PLAYING WITH THAT FLESHY, CLUMSY THING HE CALLS A BRAIN...
There will always be things out of one's control.
GO!! GO!! GO!!
No matter how much science advances ...



However, Akagi can comprehend them as if they were forces of nature!!
Those are things known to us as "coincidences".
The creation and destruction of planets ...
The expansion of the universe ...
The evolution of life ...
The development of civilization ...
Through this vast universe runs an overarching "Flow"...
Everything exists within that flow.
Even the path of a falling piece of buttered toast ...
And even though this flow is not a physical body, its general nature can be observed without fully understanding it.

And that flow is now, at this moment...
converging into a single point...
before Akagi Shigeru's finger-tips...
ANTIMATTER PLASMA GALAXY! BIG BANG EXPANSION! DOUBLE STONWEIL!
in the form of a single ray of light!!

YOU SAID YOUR NAME WAS... AKAGI ...?!
NO! THIS IS ENOUGH FOR A NOBEL PRIZE!!
INCREDIBLE!! THIS WILL EARN YOU A SUPER-FIRST-CLASS MILITARY AWARD!!
These awards of national honor in 1965 are exactly the same in modern times.

BUT KNOW THIS!! AT SOME POINT IN THE FU-TURE ...
WE WILL RE-TURN THE EARTH TO YOU!
I'LL ADMIT THAT WE HAVE LOST THIS BAT-TLE...

WE AL-READY WON BACK THE EARTH, DIDN'T WE ?!
WHOA, NOW, WHAT ARE YOU SAYING, AKAGI?!
LET'S CON-TINUE, SHALL WE?
OUR MATCH IS STILL FAR FROM OVER...
WHAT ARE YOU TALKING ABOUT?
IN THE FU-TURE ?
